

SLTEAM, Seminars for Leadership and Team Building, is a swiss company. It was created in 1993 by Jérôme Trancart.

SLTEAM's main clients include Harvard Business School, Hewlett-Packard, Roche, Nestlé, Hilton and many other major groups.

Jérôme Trancart is Swiss. Chemical engineer (Polytechnic Lausanne 1986), he worked in the Oil Refinery Industry and the Plastic Injection Molding System Industry, as manager of a support department and sales manager.

His management experience in the Industry and his coaching experience for many years, have allowed him to design outdoor experiential learning programmes, recreating the key characteristics of company life.

Jérôme

Quelques mots pour vous remercier, toi et ton équipe pour la super matinée que nous avons passée ensemble mardi dernier.

Toute l'équipe de la Direction Technique était ravie de l'expérience vécue.

Nous avons tout au long des deux jours qui ont suivis fait maintes fois références aux enseignements des ateliers que tu nous as organisés.

Encore mille mercis pour cette sympathique coopération.

Au plaisir de se voir prochainement.

Optimismement

Pascal Jahan
Directeur Technique Hypermarchés France

Thank you...

Dear Jérôme,

We are referring to our Global Duty Free Meeting of last week in the region of Lavaux and would like to thank you for the excellent planning and organization of the "Team Outdoor Activities" which took place on Tuesday, 30th August 2016 at Crêt-Bérard.

We experienced an afternoon full of challenges and had great fun all together and as teams.

As a little thank-you gift please find enclosed some Lindt chocolates for you and your team. We hope you enjoy it as well and which you all the best.

Kind regards,

Lynda-Ann Wettstein,
Executive Assistant to

Peter J. Zehnder
Head of Global Duty Free

SOME FEEDBACK FROM ROCHE.
 50 SEMINARS HAVE BEEN DONE BETWEEN 2002 and 2013 IN THEIR CONFERENCE CENTER IN BUONAS NEAR ZUG.

Re: Invoice ROCHE RDF

Dear Jérôme
 Thank you for your e-mail and for sending the invoice directly to Kreditorenbuchhaltung.
 It's been so great to have you at the RDF - your teambuilding part just makes the difference to the whole course!
 To meet in January sounds good. Would you like to send me a couple of dates and then I will ask the Gentlemen when it would suit them best?
 I hope you are enjoying the summer - I will go swimming in the rhine tonight (as I already did on Friday evening) - it's awesome!
 Best regards
 Katja

Feedback from participants

Number of pages (General Comments and Ratings): 2

Number of participants: 31
 Average age (April 24, 2006) : 34.7

Rating according to a scale of 1 to 7, whereby 7 would be the best possible rating

Average rating of presentations and group activities: 6.3
 highest rating: 6.8
 lowest rating: 5.9

Topic/lecturer	Rating	Number of ratings
Outdoor teambuilding exercise / Jérôme Trancart	6.4	29

- Comments:
- Very good! I have really enjoyed it. Excellent teambuilding impact.
 - Besides things that we learnt it was nice to have a "break" like this.
 - More than excellent!
 - Good mix of tasks. Really showed how important teamwork and communication is.
 - Awesome! Outstanding!
 - Doing one of the exercises two times. The second time after having discussed with the group, it would be interesting to see whether we would do it better.
 - Very funny and interesting exercises!

Re : RDF - Feedback

Dear Jérôme

I wanted to thank you again for your contribution to the success of this first RDF.
Please find attached the participants feedback for the outdoor event as well as the general feedback.
Congratulations!! You received the highest rates!!.

As to the next RDF taking place week of October 6, 2003 I will get in contact with you beginning of August.

Thank you for your continued support and best regards
Ernst-Peter

Outdoor teambuilding exercise / Jérôme Trancart	A : 6.7 B : 5.9	30 29

Comments:

The interpretation of the exercise was sometimes too intense.

Perfect break-out and extremely valuable in terms of teambuilding during the RDF.

This was great. We got to know each other well.

It would be great to receive the solutions to the exercises at the end.

Very good organization and learnful.

Special value brought the debriefing. Great fun!

This exercise illustrated the importance of a number of human skills you need to succeed in every day work:

especially listening, the way to communicate, the importance of planning, understanding your objectives, working as a team and respect of your workmates skills and abilities.

New and positive experience.

Very good way to get the team working together. Something smaller would have been good at the start of the RDF.

Totally appropriate, the success of an organization rely first on the synergy of their people.
